“ I loved Betty so much. She reminded me so much of my own mother. She was sassy, feisty, silly and mischievous. I used to call her my Cheshire Cat. When she was being silly she would sing as loudly as she could Oh My Darling Clementine. I will miss her forever. I am sorry for your loss. My deepest sympathies are with you. Thank you so much for the opportunity to have known such a gem.
I met Betty while working at the Lakes as a housekeeper.
I miss you Betty Boop.

“ What a surprise to have met "Cousin" Modena at The Lakes. She recognized the last name, Milligan, on my badge, and said she knew Milligans from Hinton. Well, my husband's Aunt Ali happened to be her mother's sister, Olive. What a small world. Over the last 6 years we visited each week and became good friends. I will miss our talks and hearing life stories of her past. It was evident the love she had for her girls, and she was blessed with the care you gave her.

“ It has been great getting to know more "relatives" over these years. Thank you for caring about mother and spending time with her.
